As a victim of a crime it is easy to feel you have no rights. The domestic violence Victim/Witness advocacy assistance program is here to:

- Give you moral support by providing someone with whom you may talk.
- Give you notice of court hearings and procedures.
- Provide orientation to the courtroom setting.
- Provide a companion to attend court with you and provide emotional support.
- Refer to social service agencies and other groups.
- Refer you to persons who can help you with problems resulting from the crime.
- Assist you with solving problems caused by the necessity of court appearances; for example, contacting your employer if you need to miss work.
- Inform the prosecuting attorney of your feelings about the case and any financial losses you may have suffered.
- After an arrest is made, the officer will assist you in making arrangements for your safety. The officer will stand by while you gather items, such as clothing for yourself and your children. The officer will transport you to the house of a friend or family in the Dougherty County area or to the police station where you can make arrangements to be transported by an officer to a shelter.
- The officer will also provide the above services if no arrest is made, because the suspect has left the scene, or if there is a lack of probable cause.

If you are a victim/witness to a crime, or in need of services, the criminal justice system must have your cooperation to ensure a successful outcome in your case. The criminal justice system stands ready to assist you in your time of need. If you are a victim/witness in need of assistance, please contact the agencies listed in this pamphlet for help, or contact us directly, if:

- Receive threats or intimidation for reporting the crime or acting as a witness.
- Remember or discover new information, discover additional property missing.
- Find or recover your own property, locate serial/model numbers of stolen items.
- Wish to speak with an investigator.
